

EMERGENCIES

Dental problems can arise out of nowhere. When an emergency arises and we are open, **we will attempt to see you the very same day.** In the event of an emergency when the office is not open (holidays, vacations, evenings, etc.), please call 617-471-8882. Listen to the recording and follow the prompt for emergencies. **Leave your name, phone numbers and a detailed description of your problem.** The emergency software will contact Dr. Matarazzo and he will return your call as soon as possible. Please remember to speak slowly and provide more than one phone number, if possible.

Phone messages of a non-emergency nature may be left on our answering machine and will be retrieved the next time the office is open. Please leave your name, phone number and a brief message.

If you are experiencing a life-threatening emergency: Call 911 or go to the nearest hospital emergency room.

A few examples are:

1. Difficulty with breathing
 - A. Jaw or throat swollen from infection.
 - B. Adverse reaction to a prescription medication.

2. Bleeding that does not stop after repeated attempts with 20 minutes of pressure
